RECEIPTS.

2. The decrease in Davangere and Harihar, which is chiefly in "X. Miscellaneous" is due to the omission of amount of contribution heretofore provided for the maintenance of the Town Police.

EXPENDITURE.

3. (*II*) *Head office.*—For reasons given in para 11 of Government Proceedings dated 23rd August 1894, No. 3085-90—L. F. 30-94, the provisions already sanctioned will be retained.

4. (*III*) *Collection, and* (*IV*) *Conservancy.*—The provision in the budget of Chitaldroog for contingencies is proposed to be raised from one to two rupees per mensem owing to the inadequacy of the existing allowance. Hence the increase in the estimate, which is passed.

5. (*V*) *Police.*—As the municipalities have been relieved of Police charges with effect from 1st July 1894, the provision made for the same will be struck out.

6. (*VII*) *Lighting.*—The increase proposed under this head is on account of the purchase of new lamp posts, &c. The estimates are passed.

7. (*VIII*) *Public works.*—The revised estimates under this head are passed as shown in the following statement:—

READ :—

Letter dated 11th September 1894, No. 256, from the Deputy Commissioner of the Mysore District, submitting the budget estimates of the several municipalities of the French Rocks Sub-Division for 1894-95.

No. 6449-54—L. F. 26-94, DATED, BANGALORE, 25TH OCTOBER 1894.

ORDER THEREON.—The Government regret to observe that there has been great delay in the submission of the budget estimates, which were due on 1st April 1894, and which were not received in this office till 14th September 1894. The Deputy Commissioner is requested to see to the punctual submission of the budgets in future.

SERINGAPATAM.

2. The estimated income of this municipality for 1894-95 amounts to Rs. 11,488 against Rs. 10,266, the actuals of 1892-93, and Rs. 12,567 (and not Rs. 10,317 as erroneously entered in the budget Statement No. 1), the sanctioned estimate for 1893-94.

Items of receipts.					Actuals of 1892-93.	Estimate for 1893-94.	Estimate for 1894-95.

			Total	...	10,266	12,567	11,488

3. *(I) Octroi.*—The estimate, which shows a falling off, does not appear to have been correctly computed. The estimated amount for 1893-94 has not been correctly shown in Form I, owing apparently to the omission of Rs. 574, the Government share of Octroi on Sayer articles transferred to the municipality, as per Government Proceedings dated 20th July 1894, No. 1159-60—L.F. 64-93. Pending explanation, the estimated amount, Rs. 4,466, will stand.

4. The estimates under other heads call for no special remarks.

5. It is not explained how the balances shown in favor of this and other municipalities have been arrived at, and pending the receipt of the accounts from the Comptroller for 1893-94, from which alone the actual balances could be ascertained, the closing balances indicated in Government Proceedings dated 20th July 1894, No. 1159-60—L. F. 161-93, and which are given here below, will be adopted :—

8. *Item* 1 does not include the contribution payable by the municipalities of the French Rocks Sub-Division towards the salaries of the temporary hands entertained in the Dewan's office. A sum of Rs. 6 will be added on this account.

9. *Item* 2.—The total cost of the establishment sanctioned for the District office is Rs. 1,008, of which Rs. 878 has been provided in the budgets of the other municipalities of the Mysore District. The balance, Rs. 130, will therefore, be entered in the budgets of the French Rocks Sub-Division.

10. *Item* 3.—The increase of Rs. 100, provided, under this item, to meet the travelling allowance of the Clerk in the Sub-Division office, is approved.

11. *Item* 4.—No provision for contingencies is made under this item in accordance with the instructions conveyed in para 6 of Government Proceedings dated 20th July 1894, No. 1159-60—L. F. 161-93.

12. The total provision under "Head office" thus amounts to Rs. 757 which will be distributed among the several municipalities as shown below :—

	Total ...	197	124	324	100	745	203	130	300	124	757

13. To the sum of Rs. 545, shown against Seringapatam, has to be added the pay (Rs. 10) of the Clerk and contingent allowance (Rs. 2) or Rs. 144 for the year, making in all Rs. 689, which will be entered in lieu of Rs. 567.

14. (*III*) *Collection.*—The following two items account for the increase under this head :—

	Rs.
Collection of Octroi—	
(1) Payment to be made for forms supplied in 1892-93 ...	202
Collection of Mohatarfa—	
(2) Two temporary Mutsaddis at Rs. 10 each for twelve months or Rs. 240, instead of 7½ months, 150, Contingencies at Rs. 2 or 24 per year	114
	316

15. *Item* 1, which is stated to be on account of forms supplied in 1892-93, is allowed. But it is observed that the charges of collection are somewhat excessive, as they amount to 14·5 per cent on the Octroi revenue. The Deputy Commissioner is, therefore, requested to report whether the charges cannot be reduced.

16. *Item* 2.—The two temporary Mutsaddis at Rs. 10 each were sanctioned for six months in Government Proceedings dated 23rd February 1894, No. 14215-6—L. F. 42-93, to collect the arrears of Mohatarfa tax amounting to Rs. 4,000. It is now proposed to continue the establishment till the end of the official year. This is sanctioned; but it is hoped that the arrears would be speedily collected, so as to dispense with the establishment as early as possible.

17. (*IV*) *Conservancy.*—Instead of one Overseer on Rs. 50 per mensem, whose services were dispensed with in June 1893, it is proposed to employ two hands on Rs. 25 each per mensem, one to look after the conservancy work, the other to supervise the execution of public works. This is approved.

18. (*V*) *Police.*—As the municipality has been relieved of the cost of the Town Police in Government Proceedings dated 22nd March 1894, No. 15817-9—L. F. 212-93, the usual provision under this head is omitted in the present budget.

19. (*VII*) *Lighting.*—There were only sixty-one lamps in the past year, and it is proposed to light, during the current year, three more lamps. Hence the increase in the estimate, which is accepted.

20. (*VIII*) *Public works.*—The provision under this head, consisting of the following items, includes Rs. 300 on account of the pay of the Overseer sanctioned in the preceding para 17 above :—

	Rs.
(*a*) Supervision—D. P. W. Overseer	300
(*c*) Repairing roads	1 000
(*d*) Constructing drains	1,000
(*e*) Repairing drains	500
(*g*) Water-supply repairs	200
(*o*) Reserve	300
Total ...	3,300

21. (*IX*) *Charitable grants.*—The details under this head are given below:—

	1893-94. Rs.	1894-95. Rs.
(1) Local Funds Dispensary	140	140
(2) Salary of Vaccinator	120	120
Cost of vaccine paste	...	25
(3) Midwife of the Seringapatam Taluk at Rs. 15	84	78
(4) Other items.—Reward to Native Pandit ...	50	60
	394	423

22. *Item* 2.—A new provision of Rs. 25 is made in the present budget on account of the supply of vaccine lymph, and is sanctioned.

READ—

Letter dated 16th September 1894, No. 369, from the Deputy Commissioner of the Bangalore District, submitting the budget estimates of the several minor municipalities of the Bangalore District for 1894-95.

Letter dated 14th September 1894, No. 354, from the same officer, submitting a statement of incomplete works of the previous year for which due provision has been made in the budgets.

No. 6620-25—L. F. 22-94, DATED, BANGALORE, 30TH OCTOBER 1894.

ORDER THEREON.—Government regret to observe that there was considerable delay in the submission of these budgets, which, though due on 1st April, were not received in this office till 20th of September 1894, and no satisfactory explanation has been given for the delay.

YELAHANKA.

2. The income of this municipality for 1894-95 is estimated at Rs. 582, against Rs. 775, the actuals of 1892-93.

		Actuals of 1892-93. Rs.	Estimate for 1894-95. Rs.
II	Tax on houses	305	300
VII	Mohatarfa	165	167
X	Miscellaneous	305	115
	Total ...	775	582

3. *(II) Tax on houses and (VII) Mohatarfa.*—The estimates under these heads have been framed, taking into consideration the actuals of 1892-93 and the remission of taxes effected in the following year. Including the Government share of the taxes recently assigned over to the municipalities, the anticipated revenue amounts to Rs. 31,420, as noted below:—

Municipalities.	As proposed. Rs.	As sanctioned. Rs.
1. Yelahanka	467	934

16. Vadigenahalli	592	1,184
Total ...	16,997	31,420

4. (X) *Miscellaneous.*—The omission of estimates under the marginally noted sub-heads accounts for the decrease under this head. The English school having been transferred to the Education Department in Government Proceedings, dated 2nd March 1894, C. No. 309—25, the estimated amount of fees, creditable to the Provincial Funds, is omitted in the present budget; but

(2) Refunds and recoveries	45	...

the source from which item (2) was collected in 1892-93 in this and other municipalities, and the reason why no income is anticipated during the current year, should have been explained. The estimate will, however, stand.

5. The income as now estimated amounts to Rs. 1,049.

6. *Opening balance.*—The amount that remained to the credit of this municipality on 1st July 1894 is given by the Deputy Commissioner as Rs. 593. It is not explained how this figure or the other balances entered in the budgets of the remaining municipalities have been arrived at. As the actual balance in favor of each municipality on 1st July 1894 has been given by the Comptroller, the same will be adopted, as shown in the following statement :—

Letter dated 10th July 1894, No. 3, from the President of the Bangalore City Municipality, requesting sanction to the payment of the sum of Rs. 307, being the arrears of House rent of the Anglo-Hindustani School building from 1st July 1892 to 15th February 1894, and *of the salary* of the additional Master on Rs. 8 per mensem from 1st May 1892, and to the continuance of the School Master on **Rs. 8 per** mensem, in accordance with the resolution of the Municipal Board, dated 28th March 1894.

No. 6601-3—L. F. 228-92, DATED, BANGALORE, 30TH OCTOBER 1894.

ORDER THEREON.—It is observed that a private Hindustani School, consisting of three classes with 42 boys was, with the approval* of the Education Secretary, amalgamated with the Municipal English School, in 1891, and a provision of Rs. 324, made in the Budget of the City Municipality for 1891-92 to meet the salaries of the existing 3 † Masters, was sanctioned by Government, in para 24 of their Proceedings dated 6th October 1891, No. 7657-70—L. 623. Subsequently, the strength of the School having increased, the Secretary to the School Committee rented a private building for the location of the school from 1st June 1892 till 15th Feb. 1894, when the School was removed to the building occupied by the Kannada Boys' School. An Assistant Master, on Rs. 8 per mensem, was also employed from 1st May 1892. The Secretary to the School Committee ought to have reported the arrangement forthwith to the Board and obtained their sanction; but he omitted to do so for nearly two years, and, in consequence, the rent as well as the salary of the Master remained in arrears, which is very much to be regretted. The Secretary to the School Committee should be informed that the previous sanction of Government should have been obtained before incurring the aforesaid charges. The Board having, in para 13 of their Proceedings dated 28th March 1894, recommended the payment of the arrears aforementioned and also the continuance of the Assistant Master on Rs. 8 per mensem, the Government have been pleased to sanction the proposal. The current year's Budget allotment of expenditure of the Bangalore City Municipality will be raised from Rs. 1,04,766 to Rs. 1,05,193 to meet the charge :—

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 4th October 1894.

READ AGAIN :—

Letter from the Deputy Commissioner of the Bangalore District, dated 19th April 1894, No. 1246, enquiring what grant Government are prepared to make from Local Funds General for expenditure during 1894-95 on drinking water wells, &c., for the District.

READ :—

Docket from the same officer, dated 7th July 1894, No. 27, requesting early orders on his previous letter.

(2). Letter from the Comptroller, dated 28th June 1894, No. L. F. 2049, submitting copy of a statement furnished by him to the Chief Engineer showing the probable assets of Local Funds General for the year 1894-95.

C. No. 1-9—L. F. 88-93, DATED, CAMP MYSORE, 4TH OCTOBER 1894.

ORDER THEREON.—The probable balance in favor of Local Funds General given in the memo submitted by the Comptroller is Rs. 3,84,174, but this balance seems to have been arrived at without taking into account the payment of Rs. 60,000 sanctioned for the marginally noted works in Proceedings noted against them. Excluding this amount, the correct balance will be Rs. 3,24,174. Adding to this the estimated receipts for 1894-95 amounting to Rs. 1,38,318, the sum available for expenditure during 1894-95 is Rs. 4,62,492 and not Rs. 5,22,492 as given in the Comptroller's memo. From the former sum, Government are pleasd to sanction the following grants for the year 1894-95 :—

It must be distinctly understood that no works within Municipal limits should be undertaken from these funds nor can they be appropriated for roads, which ought to be ordinarily executed from District Funds. The money should be appropriated chiefly for the excavation of drinking water wells in rural parts, for constructing bathing ghats, bridges over nalas, and such other special works, as would promote sanitation and public convenience of the rural parts.

2. The Deputy Commissioners of the several Districts are requested to submit, in consultation with the Municipal and District Fund Boards, statements (in the form prescribed in Government Proceedings dated 9th March 1892, No. 14080-8—L. 1466) of works, which they would undertake during 1894-95, explaining the necessity that exists for each work. The statements should reach this office not later than 20th November 1894.

3. Provision should be made for the completion of the incomplete works of the past years out of the above grant, and the balance only appropriated for fresh works to be started during the year.

Letter dated 17th September 1894, No. 363, from the Deputy Commissioner of the Bangalore District.

I have the honor to request definite instructions for future guidance in regard to the construction of chavadis in villages. At present there is no uniformity of system. Some are built by the Department, Public Works, from the Provincial Funds, as at Begur in the Bangalore Taluk, some are constructed from the District Funds, some from the Local Funds General, and some by the village community itself with free supply of timber from the Government. These chavadis are places where the villagers meet for caste and other purposes, where the village officers collect the revenue, and where local officers, such as the Shekdar and the Amildar, when they visit the village, transact official business. They are thus used mainly for Government purposes, and to some extent for communal purposes. The best plan seems to me to induce and encourage the villagers to construct and maintain these small buildings. In Hobli Kasbas, which are the Head-quarters of Shekdars, if larger buildings and large expenditure are needed, the cost is more a legitimate charge on the Provincial Funds than on the District or Local Funds. Even in Hobli Kasbas, it would be better the villagers could be got to do the needful with some grant-in-aid from the Provincial Funds. I think the District and the Local Funds ought not to be permitted to be spent on these buildings. I solicit definite instructions.

EDUCATIONAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Educational),—dated 3rd October 1894.

READ:—

The Budget statements of charges of the Industrial School at Mysore for 1894-95.

C. No. 90—91, DATED 3RD OCTOBER 1894.

ORDER.—The Budget statement does not contain the estimate of receipts expected from the sale proceeds of the work executed by the school. The omission should be supplied.

2. The cost of machinery and tools to be purchased is estimated at Rs. 1,700 against the grant of Rs. 1,950 for 1893-94. It is not explained why such a large sum is required annually. The Committee is requested to report whether it cannot propose a reduction in the provision made. Meanwhile the estimate will stand.

3. The cost of materials to be purchased is estimated at Rs. 750 against Rs. 600 in the previous year. The estimate is passed. Government trust that a stock account of the materials is maintained. If not, one should be opened at once.

4. The provision of Rs. 900 made for the rent of the building and the cost of shed, calls for no remark.

5. While retaining the usual provision for scholarships, the Honorary Secretary remarks that the scholarships allowed to the pupils in the Pottery Class are not sufficiently attractive to the sons of potters, and that, as boys of other castes do not come forward to learn the trade, the class may have to be closed after another year's trial. Government consider that it would be a pity to close the class, as the Province is rich in the kinds of clay suitable for pottery, and the industry, if developed will be highly beneficial to the public. Government will be glad to increase the scholarships, if that would enable the Committee to maintain the class, and the Committee is requested to consider the matter further and submit if necessary a supplemental estimate of the additional cost required.

6. The provision of Rs. 450 for school furniture and contingencies includes Rs. 36, the pay of the sweeper. The latter item will be transferred to the head of establishment. Government consider that an annual examination should be held, and prizes granted to deserving pupils. A provision of Rs. 100 is accordingly sanctioned for prizes. A provision of Rs. 100 for the purchase of reference books is also sanctioned. A further sum of Rs. 50 is provided for the conveyance charges of the Superintendent for inspecting the work of the looms.

7. The provision of Rs. 700 made for artisans and coolies to be employed occasionally is passed: but an account should be maintained of the work done by the coolies and artisans employed, and the cost incurred by their employment, and the same noticed in the Annual Report.

8. The provision made for the pay of the Superintendent at Rs. 100 per mensem will be retained, but the increase should not be allowed to the present incumbent without obtaining the special orders of Government. The pay of the iron-smith which is considered insufficient will be raised from Rs. 20 to 25. The increase of pay recommended to the store-keeper and rattan-work mestri is sanctioned.

9. The provision of Rs. 700 made for the hand looms is in accordance with the Dewan's Orders, No. 55 and 56, dated 5th June and 21st June 1894, given in the Dewan's Order Book, and is sanctioned.

10. The total sum thus sanctioned is as shown below :—
